DR. DAVID JUDE - 9/10/2014

Page 51

1 A. Sometime the following day --- but right --- 11:44:50
2 shortly before she was intubated, when she developed a 11:44:53
3 consumptive coagulopathy, when she developed DIC, the 11:44:59
4 intensive care team wanted to intubate her and provide 11:45:02
5 respiratory support. And I think she was originally 11:45:07
6 reluctant to do that. I spoke with Dr. Rumman then and 11:45:10
7 told her about --- that she was in DIC and that the 11:45:16
8 intensive has recommended intubation and why they 11:45:20
9 recommended intubation, and she agreed to it at that 11:45:23
10 point. 11:45:27

11 Q. At any time during your care and treatment of 11:45:27
12 Dr. Rumman did she fail to follow your instructions for 11:45:31
13 her medical care? 11:45:36

14 A. The only thing that she wanted to delay, as far 11:45:37
15 as what we did, was --- was to delay the delivery. And 11:45:43
16 she agreed sometime --- a few minutes after that, to 11:45:47
17 agree to proceed with letting us deliver. 11:45:52

18 Q. Other than that, is there any other time during 11:45:54
19 your treatment with Dr. Rumman that she failed to follow 11:45:58
20 any of your medical advice? 11:46:01

21 A. I understand that from the intensive care --- or 11:46:01
22 intensive care unit team told me that she had declined a 11:46:05
23 central line and some other interventions while she was 11:46:08
24 there, but not under my direct care. 11:46:11
